

Pricing information (V2026.05)

We market **lizentro** in cooperation with Microsoft Dynamics partners. All prices are quoted in EURO and are subject to VAT.

- **Available versions of Microsoft Dynamics 365 Business Central**

lizentro is available for Microsoft Dynamics 365 Business Central in all AL versions. For BC versions with a C/AL code base, we charge a one-off flat fee of 2,000 Euros plus VAT for the downgrade of the objects.

- **Available versions of Microsoft Dynamics NAV**

lizentro is available for Microsoft Dynamics NAV from version 2009 in RTC. For NAV versions with a C/AL code base, we charge a one-off flat fee of 2,000 Euros plus VAT for the downgrade of the objects.

- **Licensing**

In our licensing model, we have taken into account these varying scopes of use for our solution by licensing the number of dual systems through which the licensee bills for sales packaging. Note: Existing customers who wish to add licences for modules will be upgraded to our current licensing model and pricing.

- **Enhancement Program**

As part of the Enhancement Program, you will receive an updated version of **lizentro** should legal requirements change or should a migration to a current release be carried out. Services for implementing the updates in the customer database are not included in the Enhancement Program.

- **Implementation**

On-Premises:

We gladly handle the integration of the objects into your solution for you. In this case, we would charge a flat fee of €2,000.00 plus VAT for the integration work. Alternatively, we can provide you with the objects so that you can carry out the integration yourself.

Cloud:

With a cloud solution, there is no individual integration effort, as we ensure the compatibility of **lizentro** for every current release.

- **Services**

We advise you according to your requirements and set up **lizentro** together with you. To ensure the app can be used optimally within your company, we provide training for your staff. The daily rate for our consultancy services is 1,550.00 Euros plus VAT.

- **First-Level Support**

With an ongoing Enhancement Program you are entitled to telephone support from the PROTAKT support team. The daily support rate is 1,550.00 EURO plus VAT.

Pricing information lizentro:

As of June 1st, 2024, we have simplified the licensing of the app. In Granule lizentro Basis, we have integrated the following functionalities that previously required additional licensing:

- Own brands with customer-specific billing
- Packaging symbols
- Passing on of license fees
- Article tracking

In addition, we have adapted the licensing of further dual systems.

	On-premises purchase		Subscription
Granule	Licence	Enhancement program p.a.	License per month
lizentro base base, including 1 dual system	4.250,00€	850,00€	150,00€
Other dual systems Any other dual system	750,00€	150,00€	30,00€

The subscription fees apply to both on-premises and cloud deployments.

The prices listed are valid from June 1st, 2024. All previous price lists will no longer be valid from this date.

About PROTAKT

We have a simple quality criterion: The solution must work!

We have been pursuing this goal in our customer projects for over 25 years. Our team develops and implements business solutions based on Microsoft Dynamics 365 Business Central. Our services range from a comprehensive business process analysis and the optimization of your internal business processes to the development of individual modules. We implement your business solution, train your users and offer you tailor-made support. As a Microsoft partner, we support corporate customers in Germany and Europe. Our goal is to find the best solution for you. As simple as possible, as complex as necessary.
